

BEFORE NOW YOU COULD ONLY

IMAGINE

THE POSSIBILITIES

CUSTOM-MADE QUALITY FURNITURE FOR THE CONTRACT & HOSPITALITY INDUSTRIES

PRODUCTS THAT LAST. DESIGNS THAT IMPRESS.

BOOTHS, BENCHES & LOUNGE SEATING

Satisfy your specific needs by customizing any of our models. Add laminate or wood trim, crumb strips, channeling or hand tufting. Special lengths and heights are also available. Making modifications to the frame, seat, upholstery application and/or foam density are also easy to accomplish to suit your needs with style. Together, we can design your booths with a wood base, wood legs or metal legs. Select your favorite upholstery from durable vinyl, fabric or carpet. Mixing of fabrics, providing ergonomic support and creating new, exciting design elements are all within our ability to please you.

TABLES

We offer our tables in every material imaginable and in any size you desire. A variety of stains and finishes for wood tables are available, or we will match a stain or paint that you provide. If our standard table styles do not create the look you want, together we'll develop your unique pieces.

CASE GOODS

Your greet station, wine cabinets, liquor towers and other case goods can make the first and last impressions during your customer's visit. Tell us about your unique design ideas and let us bring them to life, coordinating them beautifully with your table and booth scheme.

CUSTOM PROJECTS

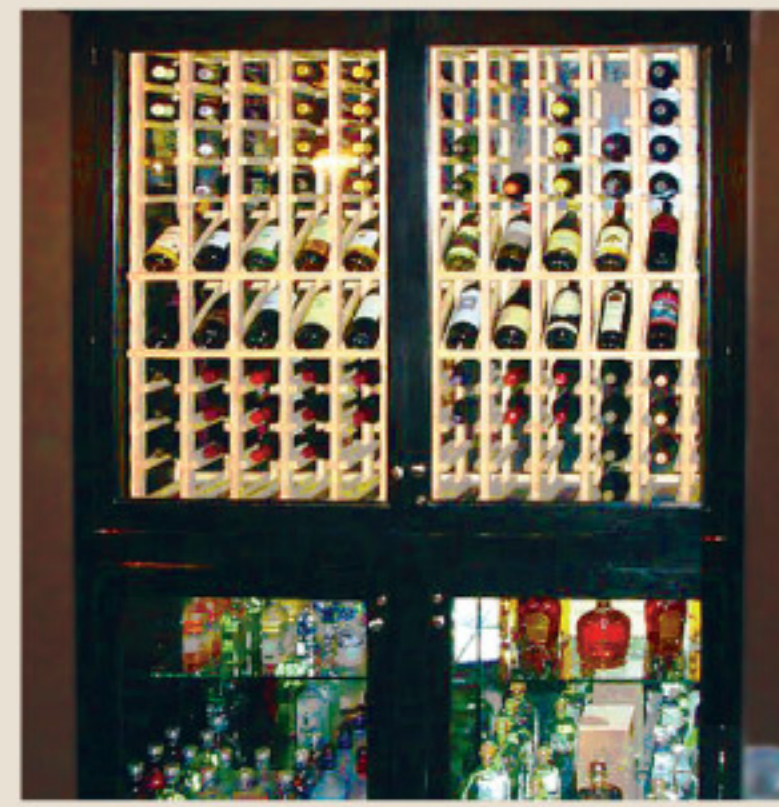

Like a competitive athlete, we love a good challenge. Whether you have a unique design idea, a difficult space, or a short time line, let's talk, and together we can discover the possibilities.

DESIGN

We will sketch proposed layouts with you on-site, and follow-up with unique drawings that bring these ideas to life. Jakobe Furniture can integrate and design with today's most common software packages and tools. Strong communication on a technical level is key for accurate planning and quality design.

PERSONAL SERVICE FROM EXPERIENCED PROFESSIONALS.

Along with the creation of customized booths, benches, tables, and lounge furniture, we offer personalized delivery and installation service or shipping at your convenience.

Located in the Heart of America, our 40,000-square-foot production facility houses the latest manufacturing equipment, allowing us to develop the highest quality products with precision craftsmanship.

EXPERIENCE — Our management team has over 30 years of experience in the furniture manufacturing industry.

SATISFACTION — In all we do, we strive to exceed the expectations of our customers, employees, and suppliers. Their satisfaction is the measurement of our success.

QUALITY — Our ongoing quality review process provides improvements to our products on a continual basis.

RELATIONSHIPS — Our strong relationships with our suppliers benefit our customers at all times, especially when a short lead time is required.

VALUE — Synergy between our customer service, sales, design, and manufacturing departments helps to engineer lower project costs for our customers, and their end users.
